5. MATTERS ARISING

Kent Highways – items to be reported: Dangerous branch 50m beyond Oaken Oast on A25. Branches outside Seven Wents.

Mrs Chesson – Lease for Guide hut - Update. The Parish Council have had no response to the letter sent by Warners to Mrs Chessons solicitors on 27th November agreeing to hours of operation and ages of children as set out in Mrs Chessons advertisements. The lease still remains unsigned and Mrs Chesson is still paying a rent of £500 a year. Considering that the Parish Council has just received a bill for £3,800 in respect of legal fees in trying to get the lease signed we need to consider the possibility of giving notice unless the lease is signed promptly. Parish Clerk to contact the lawyer to see what we can do to move forward and get the lease signed.

Proposed new scout/football building – Update. Cllr Holden attended a meeting with the Scouts to put together various Committees for for the new building. There is still no idea of the exact cost of the project although the figure has been estimated between £400-£500k. the Scouts already have £80k. Cllr Holden is on the Fund Raising Committee. It was suggested that the project may need a Project Manager although this would possibly have to go out to tender. Mike McGonigle and James Reid would like to meet with Cllrs Holden and Chartres in the New Year to discuss the technicalities of the build. They have also discussed the possibility of using the spoil from the build for pitch levelling which could be carried out at the same time.

New Car Park in Recreation Ground – Height Restriction Barrier & Remedial Works – The triangular height sign is finished and just needs to be put onto the bar. The Parish Clerk met with Andrew from Latitude and subject to some tidying up and levelling by the bollards that were removed, we are in a position to release the retention fee once the final bill has been determined by Sturgeons. Cllr Willingham has asked for a quote to put a small fence to the right of the barrier to prevent cars driving through the gap.

Pavilion – Repairs to roof and window/Damage by Sutton Athletic – We are still waiting for a price.

Precept 2014 – We have received a letter from Tonbridge & Malling notifying us of our allocation under the Scheme of Financial Arrangements which will be £5,600 for 2014. Parish Notice Boards – These have now been ordered in Oak.

Christmas Pageant – Di Coleman sent apologies. The electricity supply has been installed and cost in the region of £400. New lights have been purchased and the tree is due to be delivered this week. The electricity supply feeds from Tudor Cottage and we will need to have an arrangement with the owners to make a contribution towards the electricity bill.

Old Lane Footpath – James Hayward looked at Old Lane and it cannot now be driven down due to the amount of debris on the road and overhanging branches, he estimated that it would take a week to clear it. Once cleared we will get a price to roller the surface.

Flooding – Busty Stream – The stream is still blocked by the bridge and there are a lot of branches /rubbish. Letters were sent to Riparian Owners in October and no action has been taken. Parish Clerk to report to the Environment Agency. Cllr Chartres mentioned the possibility of using the Community Payback Scheme to help clear the debris.

Cllr Chartres has been trying to organise an electricity supply and it is hoped that this will be up and running on the night. Sevenoaks Chronicle have taken photographs and an article will appear in Thursdays edition. The Parish Council gave thanks to Di Coleman for organising the event.

6. MATTERS ARISING

Kent Highways – items to be reported:

Large pothole outside Faix on Common Road. Parish Clerk to chase up Highways about various blocked drains and gulleys in the village.

Mrs Chesson – Lease for Guide hut - Update – The Parish Council had received a rude letter from Gullands accusing the Parish Council of wasting public money. The outstanding issue is regarding the age of children at the nursery and hours. The Parish Council have sought to limit the age of children attending the nursery to 11 because we have a duty of care to the school next door. Providing care to children over the age of 11 would be breaking conditions of the lease. The Parish Council are keen to settle the terms of the lease as soon as possible as it has been dragging on since 1998 and we are unable to charge the increased (market) rent until the lease is signed. It was resolved that we would instruct our lawyers to take legal action unless the lease was signed on the terms proposed. Cllr Willingham reported that he would be having a meeting with the owners of Arboret on the first weekend in December to discuss connecting the cesspit to mains drainage.

Proposed new scout/football building – Update – Planning permission has now been granted. Cllr Holden was approached about the School Football Club becoming a Second Division of the Ightham Football Club and doing some fund raising for the new Scout Hut/Pavillion. Cllr Holden is also on a Fund Raising Committee for the Scouts and Beavers. Figures for the cost of the new build are varying and we are waiting for a Quantity Surveyor to give a proper estimate.

New Car Park in Recreation Ground – Height Restriction Barrier & Remedial Works – Adaptions to the lock for the barrier have been carried out, an estimate for the lock and 6 news keys is £51.64 including VAT. The Height Restriction sign is finished and ready to go up.

Website – Easily Domain Renewal (Jan 2014). It was agreed that we should continue to use Easily to host our website. Parish Clerk to send info regarding the Pageant and Church Services to Gel Creative to go onto the website. Cllr Cracknell to provide information.

Churchyard – dangerous tombstones – This can be removed from the Agenda.

Pavilion – Repairs to roof and window/Damage by Sutton Athletic – Cllr Willingham to assess the damage.

Litter – David Cox has been regularly clearing litter in the village. The verges along the A25 looked bad when the vegetation was first cut back but it seems as though the litter has been cleared. TMBC have also been putting notices up asking people to take litter home with them. Cllr Holden mentioned the litter along Back land and it was agreed that there should be a litter bin by the bus stop. Cllr Chartres to ask TMBC.

Bus Shelter opposite Common Road – This is leaning although unlikely to fall down. It was agreed that it should be replaced as it has been like that for a while. Cllr Willingham will get a quote from the people that replaced the bus stop by Coach Road.

Parish Notice Boards – The wall that held up the Parish Notice Board in the Village has been badly damaged so the Notice Board has been moved to outside the Village Hall, Three of the four Notice Boards need replacing. Cllr Willingham had a quote for £2,756 to replace them in Oak and £2,556 to replace them in hardwood. It was agreed that we would have them done in Oak. The Willinghams will stain and put them all up when finished.

Missing Post Box – The postbox on the island between Ismays Road and the A227 has been stolen. Parish Clerk has notified Royal Mail. It will be replaced in 2014.

Old Lane Footpath – One of the residents had complained that the footpath is very overgrown and obstructed by fallen trees. It is not a designated footpath or byway. It was decided that the Parish Clerk would notify KCC Highways. Cllr Willingham to ask James Heyward and Anthony Edwards how much it would cost to clear and make into a proper footpath.

Flooding – Busty Stream – The Busty stream is blocked by the bridge. Letters have been sent to the Riparian owners but no action has been taken. Parish Clerk to refer matter to the Environment Agency.

Junction A25 /Oldbury Lane /Entrance to Car Park – There have been a couple of accidents along this stretch of the A25 in the last week. Cllr Chartres has been in contact with Cllr Dagger to get a turn right arrow for the Car Park. On the Sevenoaks Road/Oldbury Lane junction, the issue seems to be the number of options for turning rather than speed, particularly when coming from Oldbury Lane or Sevenoaks Road. Mrs Cooke to do a note in the School Magazine and Cllr Chartres in the Parish Magazine asking people to be extra careful when using this junction.

7. CORRESPONDENCE

Protecting Playing Fields – Ightham FC Pitch Levelling - Update – We haven't been allocated any funding, Cllr Holden to reapply.

Cllr Michem had enquired about getting an apple crate to store the salt bag outside the village hall and had been asked for dimensions. We can have a wooden package crate and need 1.5m square. The signs for the Cricket Club and Height Restriction Barrier have been done and we will be invoiced.

Cllr Chartres reported that there was a new problem in the Square with cars parking to meet children from the bus, causing a blockage at the bottom of Trycewell Lane, he will look at asking the bus driver to drop Children at the Village Hall where there are parking facilities. Cllr Chartres reported that the Christmas Programme at Ightham Morte was due to start on 30th November and that there would be a Christmas Preview event on Friday 29th November for Parish Councillors to attend. The next Parish Meeting will be held at Ightham Mote.

Cllr Willingham asked whether the Salt Bin at the bottom of Trycewell Lane could be reinstated. Cllr Willingham had also received a quote for disconnecting the toilet and converting to a store room (£498) and buying 4 new tables (£332) in the Village Hall It was agreed that the Parish Council would fund this.

They have also been exceptionally delayed by various problems among the people who have been helping us – work, family problems, and serious illness. Even so, they have been most fortunate with all the help received from many people, and a great deal has been achieved, but, to produce a worthwhile history need some more time for checking research, finalising the writing, editing, and setting the illustrations. ON TUESDAY 16th JULY 2013 AT IGHAM VILLAGE HALL AT 7.45pm

Present: Chair - Cllr John Edwards, Cllr Sue Brierley, Cllr Rodney Chartres, Cllr Mike Holden, Cllr Kirsty Mitchem, Cllr Rodney Willingham, PCSO Mark Thomas and 2 members of the public.

Mark Thomas, PCSO attended the meeting to give an update on crime figures for Ightham. He reported that there were 3 crimes: Criminal Damage to a sewer pipe, a theft from Ightham Mote and a Public Order Offence on A25. He had also received a complaint from an Oldbury Lane resident (also present at the meeting) about parking on Oldbury Lane. He is going to speak to Mrs Cooke at the school. He also reported that there had been a minor accident where a cyclist had struck a Pedestrian on their way to the Village Fete. Unfortunately the police cannot do anything about speeding cyclists, but there have been several complaints about cyclists coming down from Exdown Road at speed. Mark has asked whether the Parish Council could approach KCC Highways to ask whether they could put signage outside the Church to ask cyclists to slow down/be aware of people crossing to go to the Church.

There is a schedule of police officers/surgeries on the Police website. Parish Clerk to publish on our website.

8. ANY OTHER BUSINESS

Cllr Mitchem reported that she had attended the Music Festival and that it had been very good.
 Cllr Chartres reported that the School had done very well in Sporting Events this year. Parish Clerk to speak to Mrs Cooke about putting the information on our website. He also reported that the Police Station at Borough Green would be closing and that there would be fortnightly mobile surgeries.
 Cllr Willingham asked the Parish Clerk to track down the Deeds to the Village Hall for the Ightham History Project. The Parish Clerk has updated the Emergency Report and will circulate to all Councillors to check.
 A member of the public was present and reported that the parking situation outside the cottages at the top of Oldbury Lane had become unbearable for her. The issue is that school parents and other residents from neighbouring cottages park outside her house due to limited parking in the area thus restricting access for her and the increased number of lorries passing through to Manor Farm. This means that vehicles often cannot pass without damaging her garden as the road is narrowed by the parked cars. She had spoken to the police about getting yellow lines put outside that stretch of road. Cllr Chartres replied by saying that the school often send out notices requesting that parents park with consideration. The section of road is a Public Highways and therefore we

cannot restrict parking on it. Kent Highways would be very unlikely to put double yellow lines there as it is a rural area. The only solution is to ask the school to keep reminding people to park considerately or to ask whether one of the nearby landowners whether they would free up some of their land to provide additional parking.

Replacement of Nutfield Street Sign – Denzil Stephens of The Nutfields Residents Association requested that the Street Sign at the entrance to Nutfields be replaced with an illuminated sign. Cllr Hall didn't feel that it was appropriate for IPC to fund this. There also may be a Planning Issue as it wouldn't be a standard sign. 7. FINANCE

Budget & Precept 2013/14 – Budget figures were presented to all Councillors with I&E Accounts for the current year. The Chairman explained that he had met with Cllr Holden and the Parish Clerk and it was agreed that we should raise the precept by 15%. There is a possibility that Parish Council Precepts might be capped in the future and this would enable us to build up funding for projects such as the car park, contribute towards the new Scout Hut and Pavillion, levelling of the recreation ground and a new roof for the village hall. Cllr Mitchem reported that she had reported someone for throwing litter after taking a number plate. She had received a letter from TMBC to say that they have pursued the complaint and issued the offender with a fixed penalty fine.

Cllr Mitchem had received a call from a potential new resident at Fen Pond Road to say that she was concerned about the Bird Scaring noise coming from St Clere Estate. As no residents in Fen Pond Road have actually complained we are unable to take this further.

Cllr Brierley reported that she had approached KCC about 20mph limit in Oldbury Lane but they had said that it wouldn't be possible. Once the Speedwatch scheme is up and running we can monitor the average speed.

Cllr Brierley reported that Little Cobs had stopped trading and the building has been repossessed. Rubbish has been accumulating outside, she will report this as it is a potential health hazard.

Cllr Cracknell reported that the bin outside the Village Hall was being used by members of the public. It was also suggested that a list of general rules including what to do with rubbish, was issued when hiring the hall.

Cllr Willingham had obtained a quote to redecorate the Village Hall, it was for just under £500. It was agreed that he should go ahead with this and also to get a quote for replacement of the curtains as the track is broken.

Cllr Chartres and Cllr Edwards are attending the Appeal Hearing for the Gypsy Site at Old Lane which is at TMBC offices on 22nd January at 10am.

The Parish Clerk reported that she was now Secretary to the Joint Parish Councils Transport Consultative Group and asked whether IPC would like to become members.
